Radsail Pro

This is the result of the continuous development made by our team of designers -with Andy Preston at the front of them.

This kite has been created both for those who would like to start flying traction kites and also for those experienced pilots who look for a kite for the most extreme wind conditions.

Rad Pro 7.0 will make you enjoy amazing flights even in light wind conditions. Thanks to its impressive size and design, you will enjoy with this kite amazing power, stability and resistance.

This kites will make you enjoy amazing flights thanks to the many improvements made to our Radsails Pro.

Included:

- » Backpack
- » Instructions
- » DVD
- » Reinforced Quad handles
- » Lines 100% dyneema
- » Sticker
